WRMC-FM BOARD MEETING MINUTES

Present: Suzanne Mitchell, Steve Shaver, Dave Richardson, Jodie Silverman, Suzi Webber, Lorraine Siciliano, Dan Warthin, Andy Meyer

A vote was held to elect Lorraine Siciliano summer classical manager. Congrats.

News Dep't: AP machine won't be ready for 2,3 or 4 weeks, due to a backlog of business.

Music Dep't: Playlists are supposed to come out next week. Slbums have continued to disappear. Dave reiterates that we should "seriously think about closing the record library" except for a few hours a day.

Programming Dep't: Recently completed airchecks will be evaluated by Andy this summer and returned to D.J.s in the fall.

Business Dep't: Alison says that the last board members' phone bills should be sent to the Student Activities Office for a reimbursement on the monthly charge.

The last meeting of the academic year of 1984-85 adjourned at 5:34.

Respectfully submitted and up to date,

Suzanne Mitchell,
Summer janitor

Present: Suzanne Mitchell, Steve Shaver, Steve Sullivan, Suzi Weber, Lorraine Siciliano, Dave Richardson, Joe Irwin, Andy Meyer, Dan Warthin, Trevor Kienzle and Jodie Silverman.

All department budgets are due today.

Suzanne's summer classical manager must be approved by board vote. Procedures will be the same as in the election of any board member; petitions may be circulated in the next week and the election will be held next Monday.

Programming: The empty sign-up schedule will go up today for next week. When signing up for Senior Week shows, d.j.s will be required to include their real and full names, to avoid problems in contacting no-shows.

News: The news dep't will be on an erratic schedule this week.

Music: Dave, the outgoing Music Director, makes one final suggestion on how to curb record thefts next year, and that is to open the record library only for a set number of hours (4) a day, for d.j.s to choose records and make up their playlists. Other board members inquire about the inablility to play requests as a result.

Engineering: The new turntable has arrived.

Special Prods: There will be no chapel service this Sunday. In addition, a play by the Middlebury Community Players will take over that time slot.

The board began discussing the possibility of WRMC sponsoring an event such as a movie in the future.

WRMC-FM BOARD MEETING MINUTES

Present: Don Kreis (SME), Suzanne Mitchell, Steve Shaver, Steve Sullivan, Dave Richardson, Suzi Weber, Lorraine Siciliano, Andy Meyer, Dan Warthin, Rick Holzman (visiting).

Special Productions Manager Rich Lyne has resigned, due to lack of time and academic overload.

Board members are strongly reminded to keep the office door locked when office is unoccupied. It has been left open a lot recently.

Suzi was asked to talk to the Sunday tape babysitters, to be sure that they start to clean up the control room when finished with shifts.

PROGRAMMING: The former rule of d.j. dismissal after two unexcused no-shows has been reinstated. The WRMC program guide ("This Week at WRMC") has been going well, says Lorraine, program guide author.

MUSIC: The Folk reorder is done and ready to be sent. Playlists are done and are going out. Some board members raised the question of why more rock isn't being ordered, in addition, or instead of the Folk. It was countered by the fact that Folk has been long neglected, and Rock hasn't by a long shot. Dave points out that this Folk order will set us up for a long while.

As always, even with the buzzer, etc., records are walking. Large, frustrated **sigh**.

Meeting was adjourned at 5:50 p.m.

WRMC-FM BOARD MEETING MINUTES

Present: Suzanne Mitchell, Dave Richardson, Suzi Weber, Steve Sullivan, Steve Shaver, Dan Warthin, John Hershey, Lorraine Siciliano, Daphne Gil, Trevor Kienzle.

Suzanne brought up the subject of the newly written WRMC policy on obscenity. All the board members read and discussed the memo on this subject soon to be sent to all d.j.s. Some minor changes were made, but the board generally agreed with content and intent of the memo.

Andy Meyer was not here, and consequently much business is curtailed.

Lisa Pappas is rugbying, but Suzanne says that she has put together the RED FOLDER!! It is a calendar of Middlebury events. Way to go.

Andy Meyer, in abstention, says Airchecks will begin next Monday. A newsletter coming out shortly will announce this happening.

Dave, fearless Music Director, says that the Folk reorder is out as of right NOW (that includes about 200 records).

Suzanne says there is a possibility of sponsoring a concert next fall (Loudon Wainwright III). We should try to sponsor such events as often as possible.

Lorraine will be asking Albert Joy of the Music Library if borrowing priviledges may be extended to all board members.

WRMC-FM BOARD MEETING MINUTES.

Present: Suz M., Dave R., Andy M., Steve Shaver, Steve Sullivan, Lorraine S., Alison Mylove, Daphne G., Jodie S., Rich L., Trevor K., Dan W., former Music director Evan Gsell, Rick Holzman, Emily Brady, Natalie Bleuze, Mike "Radar" O'Reilly, Dave Havens, Suzi W., some girl I don't know, and me.

We go off the air for spring recess on Friday, 3/29/85, at 11:00 PM. Any Jocks who are heading for the sun early must get their own subs and also have them approved by Andy.

There are no special Programming, Special Prods, or Business notes.

News: We have received new headphones and mike stands. YYAAYY!! Airchecks are done. YAY! Additionally, a newsletter will be going out soon.

Music: We have been receiving good responses from some record companies.

Two Jocks were canned over the weekend. One of them was former Music Director Gsell. As a result, many Jocks attended this bored beeting, which was anything but boring. A big discussion of Evan's case ensued, as did a discussion concerning censorship by certain members of the Music Department. The discussion was heated and accusatory, leaving no one satisfied at the end of the meeting. Some of the bored members dissented from the rest. It was finally suggested that everyone think about what the definition of "alternative radio" means and the issue will be decided at the bored meeting on monday April 8.

The meeting was roughly adjourned at 6:32 PM.

WRMC-FM BOARD MEETING MINUTES

Here: Suz, Dave, Andy, Lorraine, Steve, Trevor, Lisa, Jodie, Daphne, Bob Peskin, Steve Sullivan, Alison, Rich Lyne, Dan W. (The first Steve is S. Shaver.)

There are to be no personal calls on the station phones.

The new "Property of WRMC" labels are in and look great. YYAAYYY!

The promo and PSA racks are getting filled and look much better, thanks to the hard work of Lisa Pappas. YYAAYY!! We could, of course, still use some more.

The newsletter to the entire staff will be out tomorrow, 3/19/85.

The format for Morning feature will be redone and finalized.

The new tape deck has arrived. YYYYYYAAAAAAYYYYY!! We are now in the process of ordering a new turntable for the record library.

We need varsity babysitters for the new Jocks on the air sunday; anyone who wants to volunteer is encouraged.

Anyone interested in preparing local news for IPS, in Ticonderoga, NY, should get in touch with our News Director, Steve Shaver.

Next week, Monday thru Thursday afternoons, will be the first practical test for our Jocks. There will be at least ten items on the test, eg. cueing up a record, etc.

The second edition of "This week on WRMC" is out. YYAAYY!! We have also received several requests for subscriptions for it.

Music has been requested in Proctor Hall, presumably for during the awful meals that people must endure there. WRMC has been suggested as a possible choice. Lorraine will look into the matter.

The format for "Knowledge is good" will be reevaluated.

Can you believe this took thirty six minutes? Meeting adjourned at 5:57 PM EST.

If these are edited they will be the last minutes I ever do,

WRMC-FM BOARD MEETING MINUTES

Present: Suz Mitchell, Suzi Webber, Lisa Pappas, Lorraine Siciliano, Alison Napack, Dave Richardson, Steve Shaver, Andy Meyer, Dan Warthin, Trevor Kienzle, Steve Sullivan, Rich Lyne, Bob Barsanti, Wes Carrington, Bob Peskin, and me.

General notes:

Suzanne nominated Steve Sullivan for the position of Engineering Director, recently vacated by Cam Youngman. No one else is presently nominated for the post. The election will take place next week.

The typewriter is back! YAY!

We must cut down on our stationery use. (The stuff is expensive.) Bob B. suggested that we order a new batch anyway 'cuz we're running low.

Promos that are being used for audition tapes must be returned to the control room.

The music and Fine Arts Calenders must be read. READ THEM.

There will be two more training sessions: March 4, at 4:00 and 7:00.

Classical Jocks must know how to engineer the 12:05 and 2:30 news reports.

We may begin very shortly doing record giveaways for the very old, unfilable discs.

Sports notes: What's going on with the ski race coverage this weekend?

Programming notes: The schedule is coming together. We need babysitters for the new jocks. Presently, we are on the air 7:00 AM until 3:00 AM. We will be 24 hours in two weeks. Radio Pancakes will return in two weeks - and Andy wants to do it. Steve suggested that we have audition tapes for the show, just like we do for all other competitive slots. This idea met with general approval and demo tapes were deemed due by Monday, Feb. 25.

News notes: The scedule is coming together. Everyone please: KEEP THE AP ROOM CLEAN!

Special Prods notes: Wes is going to do a Russian show. There might be a meeting of all special prods engineers.

Music notes: Everything is coming together here, too. We need to start working on new reorders and reclaiming some long, lost record labels.

5:49PM EST: It's over. Why do these things take so long?

WRMC-FM BOARD MEETING MINUTES

Here: John Davis, Joe Irwin, Suzi Webber, Lisa Pappas, Dave Richardson, Jodie Silverman, Daphne Gil, Trevor Kienzle, Dan Warthin, Rich Lyne, Andy Meyer, Alison Naps, Steve Shaver, and me.

General notes:
We're getting a delay buzzer for the record library and a sign that says "WRMC STAFF ONLY". The big meeting is still scheduled for Tuesday the 12th, at 7:30, in Gifford Lounge. We will be on sign-ups for Friday, February 1 (the last day of J-term). We will be on sign-ups for the first week of Spring Term. Lastly, we will return to our Fall Term format during the Spring. Yay!

Programming notes: These are contained in the general notes above.

News Notes: There will be no news on Friday the 1st and during the first week of Spring Term. There will be an organizational meeting for the News dept. on Thursday, February 14, at 7:30 PM, but we know not where.

Special Prods notes: Rich Lyne was approved as Spec Prods Mgr. YYaayy!! Also, it was decided that the bored should decide who engineers the Chapel Service. Andy wants a list of all qualified engineers for the Chapel service.

Music notes: Dave has been calling record companies about re-orders, etc. Trevor and Dan have a list of all the rock labels we subscribe to - and need to subscribe to.

Once again, where is the Engineering Dept.?

One final general note: everyone plan on a bored meeting for Monday, Feb. 11.

WRMC-FM BOARD MEETING MINUTES

Here: Suzi Webber, Steve Shaver, Jodie Silverman, Daphne Gil, Dave Richardson, Alison Napack, John Davis, Jo Jo Irwin, Dan Warthin, Trevor Kienzle, Lisa Pappas, Lorraine Siciliano, and me.

General notes:
Where's Andy?
Where was Cam last week? He blew off the Finance Committee meeting last week. Jocks need to check the AP machine regularly - it isn't being done. Additionally, the station hasn't beeen signed off every night either. This must be corrected.

Programming notes: Some Jocks have missed their shows and this cannot continue. The date for our big, general meeting is Feb. 12, at 7:30 Pm, in the Gifford Lounge. Also, some Jocks were inadvertently slashed from the schedule due to our abbreviated format this term. They are quite annoyed. They will be restored to normalcy this spring.

News notes: We need engineers desperately. Dave and Steve are currently overworked.

Special Prods notes: Suzi is still in search of a manager.

Sports notes: All is well.

Business notes: The budget is due in April. Financial status reports are due now.

Music notes: We got our stamp. Yay! We've received some of our records back. (The stolen ones, that is.) Re-ordered records are going out into the stacks now. JD mentioned an idea about having a key on a chain next to the door to our record library, so that we can keep the door locked. Jocks would not be locked completely out of the library, they would simply need to use the key to get into the library. This suggestion has the intention of keeping undesirables out of the station and library. All Jocks remember: ONLY 2 GUESTS ALLOWED IN THE STATION DURING YOUR SHOWS OR AT ANY OTHER TIME. Lastly, Dave has ordered two fine folk magazines for the station: Come For To Sing and another one.

Meeting adjourned at 5:42 PM.

WRMC-FM BOARD MEETING MINUTES

Here: JD, Jojo, Lorraine, Rob G. Steve, Lisa, Trevor, Cam Y., Andy, Jodie, Suzy, Dan Daphne, BB, and Alison, and me.

General notes:
There are too many people who are not staffers that are wandering around the station. Only Jocks should be in the record library, and there should never any more than two gusests in the control room during a Jock's show. Period. These are basic rules of the station and must be observed, especially during this period record stealing mania.

Programming notes: There are none.

News notes: We need tapers and engineers. We also need Sports people.

Special prods.: Suzy still needs a manager. She also suggested playing a gothic romance written by a nine year old. ??.

Sports notes: What?

Music notes: There was big Record heist recently. Lots of new discs disappeared from our premises. This is not good. No one has any idea whodunit.

Business notes: Our budget is due soon, so all directors must get their acts together and submit their budget proposals, with defenses, to her pronto.

Meeting adjourned at 2:30 PM PST.

WRMC-FM BOARD MEETING MINUTES

In attendance: JD, Bob B., Andy, Steve, Jojo Irwin, Lisa Pappas, Suzy, Lorraine, Trevor Kienzle, Dan Warthin, Daphne Gil, Dave, Little Naps, and me.

General notes:

There was a stolen record incident involving a student who is not on RMC staff. It was taken to the deans, who failed to act, by Eric and Suzanne. Thus frustrated, they took the problem to Jackie Flickinger, who took swift action. The net net of the situation is that we are trying to establish a precedent for dealing with record theft. We do not intend to stand idly by anymore.

Momentarily confused, Suzy asked, "What was Erica Wonnacott doing at the Station?"

We are presently working on getting a tape deck for the prod room. It has been suggested that we call Hugh (yes, Hugh), who is rumored to have a line on getting radio equipment at a substantially reduced cost. The rumor added that he knows some guy with a van who only sells at night and has no phone number. . . .

Programming notes: The schedule is "falling together". At present there arre three open R'n'R slots.

News Notes: Daphne Gil is hereby appointed News Manager. YYAAYY!! There will be no 2:30 reports this week. We will run a full schedule next week. By the way, the News schedule is "falling together", too.

Special Prods. notes: Special prods is "coming together". But, Suzy still needs a manager and some engineers. Should we, or shouldn't we have the comedy show? That is the question.

Sports notes: We need engineers!! We also must warn the pre-empted jocks whose shows conflict with our Hockey and Hoop broadcasts.

Music notes: The stamp is in Monday, so reorders can start goin into the stacks. Jazz, classical, and folk reorders should be in next week.

Business notes: There be no business news.

Meeting adjourned at 5:30 PM EST.

WRMC-FM BOARD MEETING MINUTES

Here: Eric, Suzanne, Rob, Steve, Cam, Lisa Pappas, Suzi, Quiche Lorraine, Andy, Jenn, Andrea, Dave, JD, Jon, Triel Culver, Alison, and me.

Notes:

Programming: Sign-ups are going on this week for next week's programming. Airchex are almost done. Hockey started this past weekend and sounded good. Same with Basketball. Andy has a proposed new schedule for the winter term, changing some shows around. Much heated discussion was had on the subject, with the Rambler's suggestion getting tentative approval. Folk will stay the same in the Mornings, Classical will be shortened from five hours to threee (from Noon until 3 PM), Jazz will be shortened from three to two hours and be moved to afternoon hours (from 3 until 5 PM), Special Prods will remain unchanged, and R'n'R will begin at 6PM and last until 1 or 3Am, depending how long we're on the air during J-term. News will remain unchanged as well. ATTENTION ALL JOCKS: THE FORMS WITH THE WINTER TERM SCHEDULE ON IT MUST BE FILLED OUT AND RETURNED BY FRIDAY, THE 7th (PEARL HARBOR DAY), IF YOU WANT A SHOW DURING THE WINTER!!!

News: The election stuff will finally be done soon. Also, airchex are almost done.

Music: Our new re-orders are in. YYYAAAYYYY!!! We need a stamp so we can deface the music (if you get the drift) so we can begin to halt some of the outrageous theft that has been going on. There are lots o' discs walking, so Jocks be on the alert. Dave pointed out that it appears that they are being slipped under the library door and stolen undetected, even by alert Jocks, so it looks like we need to add some kind of stripping on the bottom of the door to prevent this from continuing. Eric suggested having the new Jocks sign a release form before being permitted on the air that calls for a search of the DJ's record collection if he/she is suspected of record theft. Dave would like to have a WRMC sponsor fund in our budget for live music in the studio by local musicians.

Engineering: We need some new patch cables, phono styli. Both armrests on the turntables in the prod room are broken, needing repair. Also, one headset for Sports coverage is not well and should probably be replaced.

Special Prods: Please put the tapes away on Sunday - this is your day of progamming.

Business: The phone bill is exceedingly high. Our phones are not for personal use.

Managerial Appointments:

Classical Mgr.: Lorraine is reappointed. Programming Mgr.: Lisa Pappas, a second year Special Prods and Newswoman is approved by the bored. News Mgr.: is up in the air; there were two nominations, though: Jodie Silverman and Alison. Music Mgr.: Dan Warthin and Trevor Kienzle are approved; John Wooley is nominated for Jazz Mgr. Special Prods Mgr.: Jo-Jo Irwin is approved as sports Mgr. Engineering Mgr.: Sally is reappointed with Rob Gilpin. And we didn't do Business Mgr.

Help! Where am I? Lost in a mountain?

WRMC-FM BOARD MEETING MINUTES

Present: Eric, Suz, Andy, Steve, Dan-Heavy-Metal, JD, Alison, Jon, Rob, Bob, Trev-Party-Man, Lorraine, Walker Bardsley, and me.

We go off the air tomorrow at 1:00 AM for Turkey Break. Gobble gobble.

Yessiree, folks, it's that time again! It's election time! Yay! Elections will be held on Tuesday, Nove. 27, at 7:30 PM in the upper Gifford Lounge. Only directorships will be voted upon, since managers are supposed to appointed. Tonite we are taking nominations for the directorships, whose terms of office will commence January 1st, and terminate December 31st, 1985. The nominations are:

Station Mgr.:.....Bob Barsanti, Suzanne Mitchell
Program Dir.:.....Suzanne M., Bob B., Andy Meyer, Dave Richardson
News Dir.:.....Steve Shaver, Andrea Koppel
Engineering Dir.:.....Cameron Youngman, Sally Evans
Special Productions Dir.:..Suzy Weber
Music Dir.:.....Dan "Heavy Metal" Warthin, Dave R., Andy M.
Business Dir.:.....Alison Napack

The Election Procedure can be found in Section A-1 of our constitution, which can be found in our handbook.

Sports Dept.: Jon's position as Sports Director is subsumed under special prods. Cudos to the football coverage, which was superb this season. The first hockey game to be covered is on 11/30, and the first hoops game is on 12/2. There are 19 hockey games and 9 hoops games to be covered - all live. Eric suggests using freshman engineers for the games, in order to get them on the air and to develop a reliable, knowledgable team for the future.

Programming Dept.: We will be back on the air on the 25th, at 7:00 AM. Airchecks will be done next week - for both news and shows. Jocks are reminded once again to follow the logs and fill them out when on the air. One last note, we need some new folk Jocks, so if you know anyone who likes folk, bring 'em along.

Engineering Dept.: The left channel on Turntable 2 is a little weak, it should be checked. So should Reel-to-reel 1 in the prod room. It is only recording on one channel, or something silly like that.

News Dept.: The AP machine has been overhauled and is working very well, thank you. Also, when not using the AP Network in the prod room, make sure that it is OFF, because if it is not OFF, then it drains HALF of our output signal, which is, how you say, no good? Kapeesh?

Music Notes: New playlists are due next week (dec. 1).

WRMC-FM 91.7 MHz DRAWER 29 MIDDLEBURY COLLEGE MIDDLEBURY, VERMONT 05753 (802) 388-6323

Some General Notes: The bored is reminded once again to check their mailboxes each day. As Eric was quick to point out, "Mail which is current this week is not current anymore if you don't get it out of your mailbox until next week." So, bored, go to your mailboxes!

Where the hell is the Dalai Lama tape? Professor Lopez wants it.

We've got a fan in Michigan. Yay! That's right, Michigan. No, our signal hasn't gotten that much stronger, nor have we moved our antenna - it's still on top of gifford, for some ridiculous reason (or otherwise we could be heard across the lake, in New York). He was just driving through Vermont this summer and liked us - YYYAAAAAAAAAAYYYYYYYY!!!!!!!!!! - and wrote to us to tell us so — and to ask if we could send him a bumper sticker. Thus, we're sending him a genuine "Property of WRMC" sticker. No, only kidding, yuk-yuk.

Lastly, There will be no meeting on Monday, Nov. 26. The meeting will be held prior to the elections on Tuesday night, the 27th.

The meeting was closed at 5:42 PM.

It's in the hole,

Attendance: Alison did not list who attended, but I assume that someone showed up besides her.

Let's start these meetings on time. Please.

The Football Game sounded reallllly good Saturday, even though the game went poorly. YAY!

A portable (and very expensive) Marantz tape deck was ordered, which should arrive by elections. Asmaller and lighter Panasonic deck was also purchased for the purposes of sports and things.

There are 19 possible hockey games which we can broadcast live. There are 9 Hoops games (that's basketball, hosehead) that we can do live. These will begin Friday, Nov. 30, and persist through Feb. 28.

There will be a dry run for IES coverage this Tuesday, Oct. 30, at 10:00 PM.

WRMC-FM BOARD MEETING MINUTES

In attendance: Eric, JD, Lorraine, Andy, Jenn, Triel, Alison, and me. Good showing.

Special Prods: Put tapes away after shows on Sunday - it's your day of programming. SP is running a Halloween Special that nite. Carts are being made, but help is needed. All those who are interested should contact Jenn soon. I'm not sure, but I think the special is going to run around (at) midnite. (you should see the special run around at midnite - it's wild!)

Music: Playlists are going out soon, or, in other words, the first of the month is coming up soon. That's the first of next month, if any of your were wondering. The record library looks good right now - let's keep it that way. New records and reorders should be coming in soon. JD suggested we make a massive reorder of Motown records, particularly in anthologies, and Eric added that we need to do the same in folk, which hasn't had a reorder in a long time. I'd like to add that we could use one in Blues, which I don't think has ever had a reorder. We also need a stamp, in order to deface as many records as possible, so that we do not suffer as much theft. At that point Andy took off his brand new Penny Loafers, put on his track shoes, and ran off to reprographics to get a stamp and a clue for Alison.

IES: The practice run went well. All is set for Election Day.

Programming: All Jocks are required to follow and fill in the logs.

And the big question on everybody's mind: was there a Morning Features on Friday? (Our thanks to Andy for sending us this question. He added that he woke up and thought that he had overslept "'cuz the DJ was playin' music." If there's a big question on your mind, just put it on a postcard and send it to WRMC, and we'll ask it for you. Thanks a lot for listening, and we'll catch you next week at our regular time of 5:15 PM. Until then. . . .

WRMC-FM BOARD MEETING MIUTES

They showed up: Matt, John, Tony, Suz, Janet, Triel, Bob, Andy, Alison, Sally and frien, Tammie, Steve, Eric, Evan, and me.

Meeting called at 5:19 dPm.

Matt asks: "Steve, where's the beeef?" in reverence to the broken tape deck, lack of carts, and blown board, and headphones. The engineering dept. isn't in good shape at the moment. (I guess this counts for the dept. report. They need help.)

John suggests getting a speakerphone for the studio and newsrooms so that shows like Sportstalk and Knowledge is Good will be made easier. Matt thinks it is a good idea for the jocks so that they can keep both hands free while they talk to listeners.

The table for the record library is on order.

The record library is in deep water. It's a mess, so let's—every DJ—help out in there by keeping it clean, filing records, and just plain being considerate of the other people on our staff.

Music dept.: We've received our first record from MCA Records. Yay! And the record giveaway is going well. YYaayy!!

And this took 25 minutes?

WRMC-FM BOARD MEETING MINUTES

Faces in the crowd: Matt B., John D., Jon M., Alison J. N., Andy M., Eric G., Sally E., Steve S., Tony F., Suz M., Bob Barsanti., Tammie W., Kate L., Janet Lynch, and me.

It's Budget time! Yaaayy!!
A. J. Napack, the business director, announces that it is budget time and that she needs each department's budget proposal by Thursday afternoon. These are to be typed and neat and given to her so that she can collate them and put together the whole WRMC budget. Last year's proposal is posted on the office door for those who need a little guidance in targetting money. Our budget, Matt pointed out, has remained fairly level in the last three years, so we can increase a little bit.

The decorations are up. Matt also made it known that he would like to put up some old station pictures as well.

Is Jason Robards dead? Matt wants to know 'cuz he wants to know if we should keep playing the cart that begins with Jason Robards saying that he is "living proof that you don't have to die for a drink."

Let's get some new promos, ok? I mean, some of these carts are grey around the edges.

Which Brings us to the engineering dept.: We nneeeeeddd new carts, which have yet to be ordered. We also need discwasher fluid. And the tape deck and headphones need fixin'.

Music dept.: Are playlists out? Eric and Bob just finished the Jazz list, so that means Rock and Jazz are out. But where's folk? (But who cares?) Matt got Kathy Keating to stay at Midd for senior week and alphabetize the record library. YYYYAAAAAYYYYYYY!!!!! (Sho' glad it ain't me!) And finally, Penske and the Rambler plan on staying at Midd for senior week, too.

News dept.: Eric bought The Craft of Interviewing for the department. Yay! Air checks are coming down fast, tooo.

Programming dept.: Air checks are coming down fast in this department, too. We had two live guests in the studio this weekend: Tom Stankus and Eric Kilburn. Thanks, guys. Should the Air checks be taped? John thinks so, so they will be.

Special prods. dept.: Tammie resigns, effective at the end of the semester.

Classical dept.: Two Classical Jocks were fired recently for a series of abuses and general attitude problems. Their offenses culminated in the playing of rock, "because it was requested," during their classical shows. Penske then asked if he

would be fired if he played Classical during his rock show from Moscow—there are a great deal of fine Russki classical composers, ya know?

The golf course is now open. They say they are going to raise the membership rate soon, so if you wanna get one, get one soon, got that Bob?

WRMC-FM BOARD MEETING MINUTES

Here: Bucy, Davis, Miller, Gsell, Meyer, Thenon, Mitchell, Worthington, Evans, Janet Lynch, Flint, The younger Naps, Shaver, Josh Weil, and myself.

Meeting called to order at 5:20 PM.

Janet Lynch, the newly appointed Summer Classical Manager, is appointed by John Davis to assume Nedwick's vacant position as Classical Manager. Janet began her speech by thanking us for appointing her to be the Summer chief. She then proceeded to explain to us that she has very definite ideas about how to clean up the Classical dept. and raise its level of professionalism on the air. She had some good ideas, to detailed to enumerate here. When she finished, a vote was taken. By an ~~anonymous~~ (oops) unanimous vote, with one abstention, Janet Lynch was appointed the new Classical Manager.

Evan Gsell, Music Director, and his under-assistant-west-coast-music-manager, Jon Miller, announced their resignations, effective at the end of the year. They cited Junior Year Away from Midd as their excuses.

Programming dept.: We're back on the air. Air checks are coming up soon. Yay! Ammeen asks why he cannot get in the station's record Library over break, explaining that he and Andy M. came back early and tried to get in and organize things. The almighty Matt responded that he locked it before leaving; that he and only one or two people have keys to it (but no one knows who they are); and that if we want to get in it over break, we should tell him in advance next time. He cited potential theft as the major reason for this policy. Oh.

News dept.: News is back on the air too. Eric announces that air checks are coming down fast and that there will be a little polishing-up session of the dept. is coming down fast, too. (But it is still miles above us.) Matt suggests that Morning Features become more standardized, to which Eric and Tony respond that they think it has been very uniform. Someone then profferred up the suggestion that instead of just playing music to fill time and call it featurin' an artist, why don't we make a couple of standard Morning features music carts of about twenty songs or so. Everyone considered it a good idea.

Music dept.: Starting this Saturday, April 14, at 9:00 AM we will begin our Spring record giveaway. One record will be given away every hour from 9:00 AM until 11:00 PM and no WRMC staff is eligible to win. The entire bored stressed the need to have this promotion somewhat standardized in its format. Evan is thus going to pruchase an R'n'R trivia book for the studio and make up a standard intro procedure for the Jocks so it sounds good every time. YYAAAAAAAAAYYY!!!!!

None of the other depts. had any to report to us.

Matt then announced that we are on the air until graduation. There will be

sign-ups through finals and then a select staff of about ten to fifteen Jocks will keep us on the air through the 27th. These Jocks will get free room and bored from the college for this service. JD has to call his mom to see if he can stay for the week. Please, Mrs. JD, can he stay? Oh please?. . .

Someone then asked about the decorations committee's progress, which as of yet has not produced any visible results. Matt replied that the reason was complex. You see, he and Anne C. had a date and she stood him up. Since then, they just haven't been able to get together. Stay tuned tomorrow when Anne's real boyfriend shows up, Jon gets arrested, and Suzanne's baby isn't Eric's . . .

I'd like to thank you all for making this possible,

WRMC-FM BOARD MEETING MINUTES

Here: Matt B., John D., Jon S., Jon M., Suz M., Eric G., Alison N., Andy M., Evan G., Tony F., Tammie W., Steve S., Triel C., Anne C. came late, and me.

Meeting declared at 5:22 Pm. Only seven minutes late.

Matt begins on a somber note, explaining that he has been a tad unhappy with some things he's heard, and asks that from now on each department submits a report at each meeting. He also expresses the desire that each person present make known his true opinions and prejudices in the meetings so that all points of view come to light. The problem, evidently, has been some backbiting which has led to some tension amongst staff. So, let's all be open from now on.

The first order of business was the appointment of the summer Station Manager. The first and only candidate for the post is Bob Barsanti, of Jazz in the Evening fame. He was asked to speak on his own behalf, and named his love of being on the air as primary reason for his desire for this job. He cited his extensive knowledge of Jazz and Classical Music as good reasons for his appointment, as well as his organizational skills in the area of the yearbook. He was then grilled in questioning, with Penske stoking the coals. After he was finished, he left to pull records for the show he was doing that night in place of the Non, who needed a sub. Discussion about Bob's qualifications ensued. It was generally held that he had a great deal to learn and that he would have to do much preparatory work during the remainder of the Spring. A vote was taken, and Bob Barsanti was elected to be the Summer Fine Arts Radio Station Manager. YYAAAYYY!!! Matt then pointed out that a summer Classical Manager had to be appointed as well. He also informed that it was his decision but he wanted to know how the Bored felt. So, he read to us the applications and letters of the two prospective mgrs., Christina Bailar and Janet Lynch. A little discussion ensued, with some members impressed with Janet's fluency in Deutsche. Jim spoke in defense of Christina and mentioned that she had studied German as well. A non-binding vote was taken, in which Janet emerged the victor. Yay!

Mattt then informed the Bored that nominations for the vacated positions of Fall Station Mgr., and two Fall News Mgrs. will be taken on April 30, 1984 in the Bored meeting. Elections will be held the following week, on May 6.

His last item of interest was to mention that our decorations are ready and that he needed a ride from Anne, to pick them up, of course. Penske got the Congressional Medal of Honor as his decoration.

Music notes: We've received our first disks from Elektra and EMI Records. YYAAAYYYYY!! Evan informed us that we need a folk mgr. He also told us that record giveaways will begin on the first saturday after break.

Engineering: Steve is ordering new carts.

Programming: We are goin' off the air Friday Night, March 30, 1984, at 11 PM. Pete Wlodkowski suggested (he wasn't actually at the meeting, but I relayed the suggestion for him) that the Friday Rockers get together and make a promo cart declaring WRMC's "Rock 'n' Roll Fridays in the Champlain Valley", which met with a succesful response. Now, if we could only get Lesley-Anne to agree. . .

Sports: Jon reports no news, but Anne has a complaint. She claims that he slights women's sports on Sportstalk, citing his response to a caller's query on his show the night before, regarding women's lacrosse, or softball, or something. He defended himself by saying that he had prepared a show concerning Men's baseball and lacrosse, and had interviews pertaining to those teams, and that the caller's question was not pertinent to the discussion at hand. He also brought forth the fact that he has interviewed the women's hockey coach before.

News notes: We are boing to cover the National Elections by getting involved with the intercollegiate election network.

Motion to adjourn finally submitted at 6:12.

Meeting called to order at 5:17 PM EST.

The Decorations Committee ordered plants for the station. YYYYAAAAYY!!!

Matt represented us in an interview with Section 8, a new, informative arts magazine. His comment: "It went good."

He then pointed out that we have been delinquent in mailing out our playlists. If we don't mail them out, then we don't get new records, right?

The tests are graded. Yahooo! Matt will be returning them shortly. Congrats to Jacques Heim, who garnered the highest laurels. In general, the new Jocks scored better than the old Jocks. I guess they haven't ingrained their bad habits yet, like us. Looks like we've got to practice being smooth.

Where the Sam Hill is Lafronz? By popular motion (and wouldn't you like to know what that motion was?) he is dubbed Official Hosehead of the Year.

John said that he is sending a memo to all Jocks as an update. It also stresses maintenance of the Record Library. DJs who don't file their albums are subject to penalty, or worse yet, for repeat offenders, loss of slot. NEW RECORDS ARE NOT TO BE PULLED UNTIL JUST BEFORE A SHOW. PERIOD. It is not fair to the DJs in front of you if you have grabbed all the good new disks. You see, these can be played more often than old records and, in addition, the more new records we play, the more new records the record companies send to us, etc.

Eric announced that the News Dept is going to undergo some retraining.

Motion to adjourn passed at 5:30 PM EST.

WRMC-FM Board Meeting Minutes

Present: Matt B., Jon S., Jon M., Andy M., Evan G., Eric G., Suz M., Tony F., Triel ?., Ned W., Tammie W., Sally E., Alison N., and Me. Anne C., came late.

Meeting convened at 5:22 PM. Let's get to the meeting on time from now on, people.

Ned regretfully resigns as Classical Manager due to personal reasons, unfortunately. His position is now open to all comers.

Matt announces his resignation as Station Manager, effective as of June. What is happening to all of our managers? Why are they deserting us? Are they following Eric over to WFAD? Anyway, the position of Station Manager will be open at the end of the semester.

There will be a "cart workshop" Thursday evening, at 7:15 Pm, led, of course, by our faithful, departing leader, Matt.

The Decorations Committee is hard at work. They will be meeting Thursday (boy Thursday is a busy day), at 4:15 PM, at the station, for a trip to Frog Hollow to purchase posters for said station. Ti yi yippee yi yay. Eric says, and I quote, "Be there, Aloha."

There are lots of new carts and IDs, thanks to JD. Thanks, JD.

There are now intro/ootro carts for the noon and 2:30 news reports.

Anne has an idea to make Morning Features more entertaining. She suggests that it become more of a "morning team" kind of thing, involving the engineers to a greater extent, instead of just the morning anchor reading straight news. Penske suggests making laughter carts, or perhaps buying some canned laughter. Eric thinks that Anne has a good idea, so it will be tried on a trial basis between consenting anchors and engineeers. Remember, anchors do it for headlines, and engineers take control.

Evan announces that Saturday afternoon record giveaways will begin after Spring Break. Yay!! Prerequisite for winning: A good tan and a cute smile.

And, finally, the prod room is free again to make carts. Matt says we need new carts, so we must need new carts. Let's all get in there and make some new carts team, ok?

Came to Order: 5:17

Get this. The folk playlists finally got in. Something huh! One side note. The first word of the aforementioned playlist was misspelled.

John Starret was unanimously approved as sports manager.

The issue of an "Emilio's Player of the Game"for hockey was brought up. We've been through this one enough times. The conclusion was quickly arrived at. Despite the worry of a precident being used, it was used and we decided that the same format would be used for this as was used for the football "Player of the Week."

Our record service has been greatly improved thanks to the Music Dept. New service from Electra, Island and EMI among others has been started.

We will continue to do the regular ski reports. This daily feature has proven very popular.

We are back on the air on Tues., Feb. 14. Programming will be a week of sigh-ups. Also, there will be no news that week.

More stringent requirements for DJ's were discussed, as well as a possible training requirement for all Jocks, News-people, and engineers. And Board, too.

The FCC Law books are in the office for all to see. All of us are strongly urged to check out the section on logs.

The BUZZ is gone. Of course, it was only a 47 farad capacitor, you know?

The Bored must learn how to operate the entire station. Lafronz says he's done it all. (He's bragging again.) We will meet in groups led by guru Matt on Thursday Nite. Om.

RE: Scheduling
There are some sign-up slots still open.
We won't be on 24 hrs. because we must train some new jocks.
What about Folk in the morning? The vote: 9 Folk, 4 R'n'R, 4 abstentions (with vehemence). We will have Folk in the mornings.
We will not change the hour lengths of the slots.
News will be back next week, with a new 2:30 PM Newscast.
Radio Pancakes is on the comeback trail, emceed by Andy Zehner, Rich Wagman, and the inimitable Bill Hathaway.

There will be a general meeting of the station Tuesday Nite, at 7:30, in Gifford Hall. Everyone, even Lafronz, is required to attend.

Please don't tape things on the walls, it peels the paint, Matt says.

Should we continue the late night Hoops broadcasts? Jazz lost 5% of its air time, as did R'n'R.

The News Dept. is sending Gearge Leonard and Josh Weil to cover the Carnival Events live, and Anne, Tony, and Eric to NH to cover the Primary.

Everyone must be retrained to be legal on the air.

Jon Miller motions to adjourn at 6:15 PM. Eric seconds the motion.

Meeting called to order at 5:21 PM.

All Carts must be approved by Matt, Suz, or John before being played on the air. But, we do need new carts, so make some promos.

All Jocks must get an 85%% rating on their written test—or lose their show, including bored members, Jon Miller. Everyone is allowed one retake if he fails on his first attempt.

We're gonna buy some posters to spruce up the office. Yaaay!!!

Applications for working at WRMC Fine arts Radio for this summer are due at the station by spring break. The two jobs pay well, so you might want to keep that in mind.

Eric spoke briefly about our coverage of the NH Primary tomorrow night. Go Eric.

We might cover the Vermont Primary, too.

Anyone for softball against WFAD/CVM? Speak to Matt if you are interested.

But who will Eric play for?

WRMC-FM BOARD MEETING MINUTES

Those present: Matt B., John D., Jon S., Jon M., Evan G., Nedwik, Sally E., Eric and Suz (together again), Kate Lucey, Tony F., Tammie W., Steve S., Andy M., Tom Michaud, Alison, and me.

Meeting convened at 5:21 PM.

Mattt asked if anyone on the Boged had any pertinent information that they felt needed to be discussed. And so we began by starting. . .with the programming ddeppaarttmmment. . . .

Programming: New jocks have been selected and scheduled. The result of this development has been to allow us now to operate—uh, how you say it?—24 hours a day, once again. YYYYaaaaaaYYYYY!!!! (Long live rock, Suz.) Once again, however, the Bored must sit in and train and, yes, babysit the new jocks at all hours of the night, or Saturday afternoon. And, finally, the prod room is free again to make carts. Matt says we need new carts, so we must need new carts. Let's all get in there and make some new carts team, ok?

~~Nudes~~(oops!) News: Since the coverage of the NH Primary was such a success (it really did sound good), let's all take this moment to congratulate field reporters Eric Gonon, Kate Lucey, Anne Chapman, Hugh Montgomery; anchor Tony Flint; and behind-the-scenes-crew Matt Bucy, Steve Shaver, and Daphne Gil. Three claps and a big YYAAYY!! As a result of the aforementioned success we will be covering the VT Primary as well, on Tuesday, March 6. Eric is anchoring this time.

None of the other departments had anything worthwhile to say.

Matt is heading the decorations committee. Members of this group include: Eric and Suz, Anne (who was absent), and Andy M.

Does anybody really want to play softball against WFAD/cvm? Talk to Eric, he says it'll be fun.

WRMC-FM Board Meeting Minutes

Present: Matt B., Jon S., Jon M., Andy M., Evan G., Eric G., Suz M., Tony F., Triel ?., Ned W., Tammie W., Sally E., Alison N., and Me. Anne C., came late.

Meeting convened at 5:22 PM. Let's get to the meeting on time from now on, people.

Ned regretfully resigns as Classical Manager due to personal reasons, unfortunately. His position is now open to all comers.

Matt announces his resignation as Station Manager, effective as of June. What is happening to all of our managers? Why are they deserting us? Are they following Eric over to WFAD? Anyway, the position of Station Manager will be open at the end of the semester.

There will be a "cart workshop" Thursday evening, at 7:15 Pm, led, of course, by our faithful, departing leader, Matt.

The Decorations Committee is hard at work. They will be meeting Thursday (boy Thursday is a busy day), at 4:15 PM, at the station, for a trip to Frog Hollow to purchase posters for said station. Ti yi yippee yi yay. Eric says, and I quote, "Be there, Aloha."

There are lots of new carts and IDs, thanks to JD. Thanks, JD.

There are now intro/ootro carts for the noon and 2:30 news reports.

Anne has an idea to make Morning Features more entertaining. She suggests that it become more of a "morning team" kind of thing, involving the engineers to a greater extent, instead of just the morning anchor reading straight news. Penske suggests making laughter carts, or perhaps buying some canned laughter. Eric thinks that Anne has a good idea, so it will be tried on a trial basis between consenting anchors and engineeers. Remember, anchors do it for headlines, and engineers take control.

Evan announces that Saturday afternoon record giveaways will begin after Spring Break. Yay!! Prerequisite for winning: A good tan and a cute smile.

Yers, with a flourish of trumpets,

WRMC-FM BOARD MEETING MINUTES

Present and accounted for: M. Bucy, J. Davis, J. Miller, E. Gsell, A. Meyer, E. B. Gonon, S. S. Mitchell, S. Shaver, S. Evans, T. Worthington, A. Napack, and Moi.

Meeting called to order at 5:17 PM EST.

The Decorations Committee ordered plants for the station. YYYYAAAAYY!!!

Matt represented us in an interview with Section 8, a new, informative arts magazine. His comment: "It went good."

He then pointed out that we have been delinquent in mailing out our playlists. If we don't mail them out, then we don't get new records, right?

The tests are graded. Yahooo! Matt will be returning them shortly. Congrats to Jacques Heim, who garnered the highest laurels. In general, the new Jocks scored better than the old Jocks. I guess they haven't ingrained their bad habits yet, like us. Looks like we've got to practice being smooth.

Where the Sam Hill is Lafronz? By popular motion (and wouldn't you like to know what that motion was?) he is dubbed Official Hosehead of the Year.

John said that he is sending a memo to all Jocks as an update. It also stresses maintenance of the Record Library. DJs who don't file their albums are subject to penalty, or worse yet, for repeat offenders, loss of slot. NEW RECORDS ARE NOT TO BE PULLED UNTIL JUST BEFORE A SHOW. PERIOD. It is not fair to the DJs in front of you if you have grabbed all the good new disks. You see, these can be played more often than old records and, in addition, the more new records we play, the more new records the record companies send to us, etc.

Eric announced that the News Dept is going to undergo some retraining.

Motion to adjourn passed at 5:30 PM EST.

With a little hiss and a big buzz,

Biznes Mgr.

WRMC-FM BOARD MEETING MINUTES

Here: Matt B., John D., Jon S., Jon M., Suz M., Eric G., Alison N., Andy M., Evan G., Tony F., Tammie W., Steve S., Triel C., Anne C. came late, and me.

Meeting declared at 5:22 Pm. Only seven minutes late.

Matt begins on a somber note, explaining that he has been a tad unhappy with some things he's heard, and asks that from now on each department submits a report at each meeting. He also expresses the desire that each person present make known his true opinions and prejudices in the meetings so that all points of view come to light. The problem, evidently, has been some backbiting which has led to some tension amongst staff. So, let's all be open from now on.

The first order of business was the appointment of the summer Station Manager. The first and only candidate for the post is Bob Barsanti, of Jazz in the Evening fame. He was asked to speak on his own behalf, and named his love of being on the air as primary reason for his desire for this job. He cited his extensive knowledge of Jazz and Classical Music as good reasons for his appointment, as well as his organizational skills in the area of the yearbook. He was then grilled in questioning, with Penske stoking the coals. After he was finished, he left to pull records for the show he was doing that night in place of the Non, who needed a sub. Discussion about Bob's qualifications ensued. It was generally held that he had a great deal to learn and that he would have to do much preparatory work during the remainder of the Spring. A vote was taken, and Bob Barsanti was elected to be the Summer Fine Arts Radio Station Manager. YYAAAYYY!!! Matt then pointed out that a summer Classical Manager had to be appointed as well. He also informed that it was his decision but he wanted to know how the Bored felt. So, he read to us the applications and letters of the two prospective mgrs., Christina Bailar and Janet Lynch. A little discussion ensued, with some members impressed with Janet's fluency in Deutsche. Jim spoke in defense of Christina and mentioned that she had studied German as well. A non-binding vote was taken, in which Janet emerged the victor. Yay!

Mattt then informed the Bored that nominations for the vacated positions of Fall Station Mgr., and two Fall News Mgrs. will be taken on April 30, 1984 in the Bored meeting. Elections will be held the following week, on May 6.

His last item of interest was to mention that our decorations are ready and that he needed a ride from Anne, to pick them up, of course. Penske got the Congressional Medal of Honor as his decoration.

Music notes: We've received our first disks from Elektra and EMI Records. YYAAAYYYYYY Evan informed us that we need a folk mgr. He also told us that record giveaways will begin on the first saturday after break.

WRMC-FM 91.7 MHz DRAWER 29 MIDDLEBURY COLLEGE MIDDLEBURY, VERMONT 05753 (802) 388-6323

Engineering: Steve is ordering new carts.

Programming: We are goin' off the air Friday Night, March 30, 1984, at 11 PM. Pete Wlodkowski suggested (he wasn't actually at the meeting, but I relayed the suggestion for him) that the Friday Rockers get together and make a promo cart declaring WRMC's "Rock 'n' Roll Fridays in the Champlain Valley", which met with a succesful response. Now, if we could only get Lesley-Anne to agree. . .

Sports: Jon reports no news, but Anne has a complaint. She claims that he slights women's sports on Sportstalk, citing his response to a caller's query on his show the night before, regarding women's lacrosse, or softball, or something. He defended himself by saying that he had prepared a show concerning Men's baseball and lacrosse, and had interviews pertaining to those teams, and that the caller's question was not pertinent to the discussion at hand. He also brought forth the fact that he has interviewed the women's hockey coach before.

News notes: We are boing to cover the National Elections by getting involved with the intercollegiate election network.

Motion to adjourn finally submitted at 6:12.

Goodnight Irene,

Jim Ammeen

WRMC-FM BOARD MEETING MINUTES

Here: Suz Mitchell, Dave Richardson, Steve Shaver, Cam Youngman, Dan Warthin, Trevor Kienzle, Andy Meyer, Lorraine Siciliano, Lisa Pappas, Daphne Gil, John Davis, Suzi Webber, Alison Napsack, Bob Peskin, Jacques Heim, Evan Gsell, Jodie Silverman, and me.

General notes:
There will be a general staph meeting on Tuesday night, at 7:30 PM, in the Gifford Lounge. Each department chair should prepare a (song and dance) speech for the congregation. Lorraine and Suzi will do the activities fair Wednesday night (7:00 in McCullough Gym) for us. YYAAYY!! The buzzer on the dooor has not been installed yet. The typewriter is going to the doctor's for its checkup this week. Bob P, will generously donate his for our usage during this traumatic period. Half of our staff failed the BLT (broadcast license test). Suz is scheduling retraining sessions for those who need them for Wednesday, at 4:00, and Friday, at 7:00.

A long discussion ensued on the topic of the DBC Reggae show, re: reinstatement of the show and its censured Jock. Without going into the minute details of the chat, it was suggested by Jim that the Jock be reinstated, but in a probationary fashion. Bob added that to act harshly on him might be a violation of his rights, ex post facto. Suz wants to set precedent, but that may not apply after the fact, by keeping him off the air. Dave then suggested that we put all Jocks on a three point demerit system, after which they can be canned from the staff. This seemed to meet with general approval. Bob P. suggested that we nominate a committee to deal with this problem exclusively.

Bob P. also suggested that we form a committee that helps to choose who speaks at the van de Velde Memorial Lecture annually. This needs to be explored at further length because it would have to be a general college committee, not solely WRMC, to do this. This idea met with general approval.

Programming notes: We will be on sign-ups all this week and we will be on an abbreviated REGULAR schedule next week.

News notes: There will be an organizatonal meeting for all news staph Thursday, at 7;30.

Engineering notes: We still have not received our new tape deck for the Prod Room.

Special Prods notes: Nothing in Particular.

Sports notes: Are we going to cover the ski races at the Carnival. Jim volunteered to cover them for the station. Now, we just need to do the detail work.
